of a body had eten a spyn  
ner how he shal be holpen

elviii

BB

This chapytte sheweth  
whan a body is impoyso-  
ned of smellynge of any  
metall oz byas/ of the whi-  
che the membrs within  
begynne to rotte lyke as  
often is sene on the body  
yf that be enoynced with  
vnguentum Becculiale  
oz that of the smellyng of  
argentum viuum/ the go-  
mes and the mouthe rot-  
teth/ and the tethe falle  
out/ than ye wene that it  
cometh of hete / but it is  
not so / bycause the Aet-  
cure is colde and moyste  
in the fourth degre.

And whan it is sublimed  
than it is hote and drye  
for all that it destroyed ne-  
uertheless the body of a  
man/ and byngeth them  
to a symy fleshe / named  
in latyn Estinoniū / with  
what water he shal be hol-  
pen.
